What is Crazy Time?

At its core, Crazy Time is a live dealer game reveal constructed around an enormous, vertically mounted 56-segment money wheel. Hosted by charismatic speakers in a dynamic, Willy Wonka-esque studio, the video game streams in high meaning 24/7.

The main objective for players is basic: predict which section the wheel will stop on after the host provides it a vigorous spin. Nevertheless, what sets Crazy Time apart from simpler video games like Dream Catcher is its multi-layered gameplay. It includes a leading slot that increases wins on every single spin, alongside four different, extremely immersive perk games that can trigger enormous payments.

The Anatomy of the cash Wheel

Understanding the design of **Crazy Time Free Play** the wheel is the initial step for any gamer. The 56 segments are divided amongst numbers (which serve as basic bets) and benefit round symbols.

As the table shows, the number '1' has the greatest frequency on the wheel, offering it the highest likelihood of striking, albeit with the most affordable standard payment. Conversely, the famous **Crazy Time** segment only appears once, making it the rarest and most sought after result on the board.

The Top Slot: Multiplying the Action

Before every spin of the primary wheel, a two-reel **Top Slot** spins at the same time above the primary game location.

- Reel 1 displays one of the wheel wagering alternatives (a number or a reward game).
- Reel 2 shows a multiplier value (ranging from 2x approximately 50x).

If the bet area and the multiplier align horizontally on the Top Slot, a multiplier is applied to that specific bet. If the primary wheel arrive at that corresponding segment, the payout-- or the multiplier values inside the upcoming benefit round-- is increased accordingly. This feature adds a layer of anticipation to every round, even before the huge wheel decreases.

1. Coin Flip

- **Frequency:** 4 sections on the wheel.
- **How it works:** This is the most basic and most regular perk video game. The host approaches a digital flipper featuring a coin with a Red side and a Blue side.

2. Cash Hunt
