What Are CS2 Cases?

CS2 cases are virtual loot boxes including randomized cosmetic products, mainly weapon finishes (skins), gloves, knives, and agents. While these products offer no competitive advantage-- a standard AK-47 kills simply as quickly as a StatTrak™ Case Hardened AK-47-- they are treasured for their rarity, visual appeal, and status symbols.

To open a CS2 case, a gamer requires 2 things:

- **The Drop:** Upon achieving the very first rank-up of the week, players exist with a choice of products, usually selecting one weapon drop and 2 random items (which can consist of cases).
- **The Active vs. Inactive Pool:** Cases dropped by means of the weekly care bundle are divided into 2 categories:

 - **Non-active Drop Pool:** Discontinued cases that no longer drop organically, making them rarer and usually more expensive on the market.

2. The Steam Community Market

For particular cases-- especially older ones or those tied to particular operations-- players should turn to the Steam Community Market or third-party trading websites. Rates change based upon supply, need, and overall

gamer counts.
