Repairing a reading slip. Agree on a discreet signal that means pause and look again. Let the learner return to the https://www.expertsmind.com/blog/post/online-quran-classes-for-kids-a-complete-guide-for-parents-71144.aspx start of the short unit rather than guess at several sounds in succession. Have the learner identify the point where the second reading changed. Leave technical correction to the tutor.

Giving a learner thinking time. After asking a reading question, put the pointer down and give the learner room to look. Repeating the question immediately can interrupt the search for an answer. Ask the learner whether they were still thinking or needed a clue. Use that answer to agree on a signal for help.

Ask the learner which of the two activities felt easier and why. Refer to the example they actually tried when agreeing on a home-practice task.
