When time expires, all cannons fire, revealing the private multipliers behind the picked targets.

3. Pachinko

The host drops a radiant puck from the top of the board. As the puck waterfalls downward, bouncing off the pegs, it eventually lands in one of the slots at the bottom, which displays a multiplier. If the puck lands in a **"DOUBLE"** slot, all multipliers at the bottom of the wall double, and the host drops the puck again for even bigger rewards.

4. Crazy Time

 2. The presenter presses a giant red button to spin the massive wheel.
 3. When the wheel stops, the multiplier shown by the player's chosen flapper is awarded.
