

Are you planning to join Bitget and looking for a referral code that can provide additional benefits? The **Bitget App Referral Code "SAVE40"** may help eligible new users access promotional trading fee savings and reward opportunities. Depending on the current campaign, new users can potentially qualify for rewards of up to **6,200 USDT**.

What Is Bitget Referral Code SAVE40?

SAVE40 is a referral code that eligible new users can enter when registering for a Bitget account. Applying the code may make the account eligible for promotional benefits available through the applicable Bitget referral campaign.

The exact benefits can vary according to the active promotion, user eligibility, region, and campaign requirements. Users should always check the latest promotional terms before signing up.

Benefits of Bitget Referral Code SAVE40

Using the **Bitget Referral Code SAVE40** may provide eligible new users with access to several promotional advantages. Depending on the current offer, benefits may include:

- Potential savings on eligible trading fees.
- Access to Bitget new-user promotions.
- Opportunity to qualify for rewards of up to **6,200 USDT**.
- Referral benefits linked to eligible new accounts.
- Easy application during the registration process.

How to Apply Bitget Referral Code SAVE40

New users can generally enter the **SAVE40 referral code** while creating a Bitget account. The typical process is simple:

1. Open the Bitget website or mobile app.
2. Select the option to register a new account.
3. Enter the required registration details.
4. Enter **SAVE40** in the referral or invitation code field.
5. Complete any required account verification.
6. Check the current referral promotion linked to your account.
7. Complete qualifying activities if required to unlock rewards.

If the referral code field is shown during signup, make sure **SAVE40** is entered correctly before completing registration if the campaign requires the code to be **Bitget Welcome Rewards** applied at signup.

Save on Bitget Trading Fees

Trading fees are an important factor when calculating the cost of cryptocurrency transactions. Eligible users applying the **Bitget App Referral Code "SAVE40"** may receive promotional fee savings according to the active referral offer.

The exact fee discount can depend on the current campaign, trading product, account eligibility, and other applicable conditions. Review the latest Bitget fee information before making trades.

Up to 6,200 USDT in Rewards

The Bitget referral promotion may give eligible new users an opportunity to qualify for rewards of up to **6,200 USDT**. However, the maximum amount depends on the applicable campaign and completion of its requirements.

Qualifying activities may include making a required deposit, reaching certain trading volumes, or completing promotional tasks. The maximum reward is not automatically guaranteed to every participant.

Who Can Use the SAVE40 Code?

The **SAVE40 Bitget Referral Code** is intended for users who meet the requirements of the applicable referral campaign. New users should verify the current eligibility rules before creating an account.

Existing Bitget users may not qualify for new-user referral benefits. Eligibility may also vary according to location, account status, and campaign availability.

Why Use SAVE40 When Signing Up?

Using a referral code during registration gives eligible users an opportunity to access available promotional benefits from the beginning. Potential trading fee savings may be particularly useful for users who plan to trade frequently.

In addition to fee-related benefits, eligible users may be able to participate in promotional reward campaigns after completing the required activities.

Important Information Before Using the Code

Referral promotions are governed by specific terms and conditions. Trading fee discounts, reward amounts, qualifying activities, eligibility rules, and campaign periods can change over time. The advertised maximum reward of **6,200 USDT** should be considered a potential maximum and not a guaranteed payout.

Cryptocurrency trading involves financial risk, and digital asset prices can be volatile. Users should understand the risks and review the current Bitget terms and promotional conditions before depositing funds or trading.

Conclusion

The **Bitget App Referral Code "SAVE40"** can be useful for eligible new users who want to explore available Bitget referral benefits. Depending on the active promotion, users may access trading fee savings and have the opportunity to qualify for rewards of up to **6,200 USDT**.

If you are planning to create a new Bitget account, enter **SAVE40** during *Bitget* registration when the referral field is available. After signing up, review the current campaign requirements and complete any qualifying activities needed to receive the benefits available to your account.
