From the National Laser Institute to Scottsdale Road and Shea Every practice has an origin story, and the one behind The Skin Shop Medspa Scottsdale begins in a classroom. Co-owners Cyndie Nohr, RN and Shelly Stump, RN met at the National Laser Institute, where each earned certifications in laser, advanced injectables and cosmetic procedures. They went on to open the practice together on N Scottsdale Rd near Shea Blvd. Both arrived with deep nursing backgrounds. Together they bring more than 50 years of combined medical experience, and both are registered nurses and certified nurse injectors. That foundation in patient care shapes how they run the practice, from detailed intake questions to careful aftercare. Their training shows in the range of services offered. Laser certifications support treatments such as laser hair removal, laser skin resurfacing and IPL photofacial. Advanced injectable training underpins Botox, Jeuveau, Juvederm, Restylane, lip filler and Kybella. Cosmetic procedure training covers microneedling, Vivace RF microneedling, PDO thread lifts and more.

The Skin Shop Medspa Scottsdale | 10632 N Scottsdale Rd Ste A, Scottsdale, AZ 85254 | (480) 948-1759

Each owner has areas clients associate with her. Shelly is noted for Botox, Restylane, Kybella and laser skin med spa scottsdale resurfacing. Cyndie is noted for lip filler, microneedling and an artistic eye for facial balance. Clients benefit from both perspectives during treatment planning. The practice is all-female owned and operated, and it has built a strong reputation, with a 5.0 rating from 79 Google reviews, every one of them five stars. Reviewers mention natural results, honest expectations and nurses who remember the details of their skin. The approach is consistent across services: a complimentary consultation, clear explanation of options and honest framing. Results vary from person to person, and the nurses are open about what a treatment can and cannot do. The office sits near the Scottsdale Country Club in North Scottsdale, with on-site parking, free street parking and wheelchair access. It is open Tuesday through Saturday, with online booking available through Fresha. Opening a practice together was a natural next step for two nurses who had trained side by side and shared a view of how aesthetic care should feel. They wanted a place where clients would be seen by licensed medical professionals, listened to properly and never pressured into treatments they did not need. That philosophy comes through in reviews that mention honest expectations, a go slow approach to lip filler and the absence of pushy upselling. Ongoing learning is part of the work as well. Aesthetic medicine changes as new products and devices appear, and the range of services at the practice, from Jeuveau and Vivace RF microneedling to InstaLift and PDO threads, reflects a willingness to add treatments when they fit the way the owners like to care for clients. To meet the nurses behind this Scottsdale med spa, call (480) 948-1759 or visit 10632 N Scottsdale Rd Ste A, Scottsdale, AZ 85254.

The Skin Shop Medspa Scottsdale Address: 10632 N Scottsdale Rd Ste A, Scottsdale, AZ 85254 Phone: (480) 948-1759 FAQ About Med Spa Scottsdale What is the difference between a med spa and a day spa? A day spa focuses on relaxation services such as massages and basic facials, while a med spa provides medical aesthetic treatments like Botox, dermal fillers, microneedling and laser procedures. At The Skin Shop Medspa Scottsdale, those treatments are performed by registered nurses who are certified nurse injectors. Every plan begins with a review of your health history during a complimentary consultation. Who performs the treatments at The Skin Shop Medspa Scottsdale? Treatments are performed by the co-owners, Cyndie Nohr, RN and Shelly Stump, RN, both registered nurses and certified nurse injectors with more than 50 years of combined medical experience. They met while training at the National Laser Institute, where each earned certifications in laser, advanced injectables and cosmetic procedures, and they still treat clients personally. How much does Botox cost at a med spa in Scottsdale? Botox pricing depends on how many areas are treated and how much product each area needs, so the cost varies from person to person. At The Skin Shop Medspa Scottsdale, the nurse explains pricing for your specific plan during a complimentary consultation before any treatment. Google reviewers often describe the pricing as fair for the quality of care, and a membership program and financing options are available. How long does Botox last? For most people, the effect of a neurotoxin such as Botox or Jeuveau lasts about three to four months before muscle movement gradually returns. Results vary with factors such as the area treated, muscle strength and metabolism.

The nurses set an individual maintenance schedule during your consultation, and online booking through Fresha makes it easy to plan the next visit. How long do lip fillers last? Hyaluronic acid fillers such as Juvederm and Restylane commonly last six to twelve months or longer, depending on the product used and the area treated. Results vary, and your own timeline is discussed at a complimentary consultation. Co-owner Cyndie Nohr, RN is known for natural-looking lip filler and a go slow approach that leaves room to add more later. Is microneedling good for acne scars? Microneedling is commonly used to help improve the look of acne scarring and uneven texture by prompting the skin's own repair response. The nurses at The Skin Shop Medspa Scottsdale are candid that the goal is improvement rather than removal, and results vary with the type and depth of the scars. Some clients also discuss PRP therapy or Vivace RF microneedling as part of their plan. How many microneedling sessions will I need? Microneedling is usually planned as a series of sessions spaced several weeks apart, because the skin responds gradually. The exact number depends on your skin, your goals and how it responds, so the nurse sets the plan during a complimentary consultation. Reviewers mention receiving a follow-up text after treatment to check how their skin was settling. What is a HydraFacial and is there downtime? A HydraFacial combines cleansing, gentle exfoliation, extraction and hydration in one appointment, which suits skin dried out by the Arizona climate. It generally involves little or no downtime, so most people return to their normal plans afterward. At The Skin Shop Medspa Scottsdale, the treatment can be customized for sensitive skin, something Google reviewers have specifically mentioned. Is laser hair removal permanent? Laser hair removal is best described as long-term hair reduction rather than a permanent result. It requires a series of sessions spaced weeks apart because hair grows in cycles, and results vary by skin type, hair color and treatment area. Both owners hold laser certifications from the National Laser Institute, and sessions are planned around Arizona sun exposure. What should I avoid before Botox or filler? Before injectables, the nurses ask about medications and supplements that may raise the chance of bruising, as well as recent treatments, allergies and upcoming events. It is best to follow the specific guidance you receive at your consultation rather than stopping any prescribed medication on your own. Scheduling filler well ahead of weddings or photo shoots also leaves time for any swelling to settle. Does The Skin Shop offer a membership or financing? Yes. The Skin Shop Medspa Scottsdale offers a membership program for clients who visit regularly, and members who have left Google reviews describe it as worth it. There is also a financing and payment options page for larger treatment plans. The nurses can explain which option fits your plan when you call (480) 948-1759. How do I choose a med spa in Scottsdale? Start by asking who will perform your treatment and what their credentials are, then look for a practice that offers a thorough consultation and sets honest expectations. Read reviews for patterns rather than single comments. The Skin Shop Medspa Scottsdale is RN-owned, offers complimentary consultations, holds a 5.0 rating from 79 Google reviews and sits on N Scottsdale Rd near Shea Blvd.
