Ruining Stereotypes: The Glass Ceiling and the Duty of Women Glaziers

At Ruining Stereotypes, we are happy to be damaging obstacles and opposing traditional sex roles in the area of glazing. For far also long, the glass ceiling has actually limited chances for women in numerous occupations, consisting of glazing. Nevertheless, our team of knowledgeable women glaziers verifies that when given equal opportunities, women can excel in any industry.

What is the Glass Ceiling?

The term "glass ceiling" describes the undetectable barrier that protects against women from advancing to greater positions in their occupations, often in male-dominated industries. While significant progress has actually been made in recent years to get rid of gender bias, there are still industries where stereotypes persist and impede ladies's development.

One such industry is polishing, which typically entails the setup and repair service of glass in various structures. Regardless of the physical needs and technological skills called for, women glaziers have been marginalized and greatly underrepresented in the profession. However, at Ruining Stereotypes, we are changing the story by providing opportunities for skilled women to thrive in the glazing market.
