1. The Waiting Period: When Does Production Begin?

Before a driving license can be provided, it should be produced. The procedure does not happen quickly upon passing the exam.

1. **Exam Center Submission:** After passing the state examination (WORD-- Wojewódzki Ośrodek Ruchu Drogowego), the center forwards the test results to the local government office (*Starostwo Powiatowe*, *Urząd Miasta*, or *Urząd Dzielnicy* depending upon the city).
2. **System Update:** This transfer typically takes up to 2 working days.
3. **Cost Payment:** The applicant needs to pay the main license production fee (presently 100 PLN, plus a 0.50 PLN or 5 PLN commission depending on the payment channel).
4. **Order Placement:** Once the office gets the exam pass notice and proof of payment, they order the file from the Polish Security Printing Works (*PWPW-- Polska Wytwórnia Papierów Wartościowych*).

2. How to Track Your Driving License Status

Waiting without knowing the status of an official document can be aggravating. Thankfully, Poland provides a transparent online tracking system managed by the government.

Individuals can inspect if their driving license is prepared for collection or delivery without needing to call or visit the workplace.

Actions to Check Status Online:

1. Visit the main Polish government portal: **obywatel.gov.pl** or **esp.pwpw.pl**.
2. Navigate to the area concerning driving license status (*Sprawdź stan sprawy-- prawo jazdy*).

3. Go into the required individual details (usually PESEL number, given name, and last name).
4. Review the current status displayed on the screen.

Comprehending Status Messages

- **Dane zostały przyjęte przez urząd (Data accepted by the workplace):** The local office has actually gotten the application and examination results, however production has not yet begun.
- **Trwa produkcja dokumentu (Document production in development):** PWPW is currently printing and embedding security functions into the physical card.
- **Dokument został spersonalizowany i wydany (Document customized and released):** The license has actually been printed and sent to the local authority or designated shipment address.
- **Dokument gotowy do odbioru (Document ready for collection):** The license has actually come to its location and is prepared for the candidate.

3. Delivery Options: Pickup vs. Mail

When submitting the preliminary application for a driving license (normally done before taking the tests, by means of the *Profil Zaufany* or in person), applicants should choose how they want to get the physical card.

Option A: Personal Collection at the Office

For people who prefer to gather their license face to face, the process is uncomplicated:

- **Where:** The specific *Urząd* (City Hall or District Office) where the application was submitted.
- **Requirements:** Bring a main form of recognition (passport or house card) and, if suitable, the old driving license (if exchanging a foreign or ended license).
- **Cost:** Free.

Option B: Delivery by Traditional Mail/ Courier

Many workplaces allow the physical driving license to be mailed directly to a residential or workplace address within Poland.

- **How it works:** The office sends the printed document by means of registered mail (*list polecony*) or courier service to the provided address.
- **Requirements:** Someone must be physically present at the address to sign for the file upon delivery. An ID should be revealed to the postal worker.
- **Cost:** Standard postal costs use, usually a little administrative cost added throughout the application procedure.

4. Special Considerations for Foreigners

Foreign nationals living in Poland who are transforming their home country's license or obtaining a Polish license for the very first time face a couple of extra verification steps.

- **Verification of Foreign License:** If exchanging a non-EU driving license, Polish authorities should validate the authenticity of the file with the releasing country's embassy or transport department. This can **substantially delay** the delivery timeline, often extending it from 2 weeks to a number of months.

- **House Requirements:** To get a driving license in Poland, applicants must show residency. This involves presenting a valid home card (*karta pobytu*), visa, or EU registration certificate along with a signed up address (*zameldowanie*).

5. What to Do If Your License Is Delayed

If the online status tracker reveals that the file production is taking longer than the basic two-week window, candidates must take the following actions:

- **Contact the Local Office:** Reach out straight to the *Wydział Komunikacji* (Department of Communications) at the specific town hall where the application was submitted.
- **Check for Missing Documents:** Occasionally, offices require extra signatures, updated medical certificates, or a new passport-style picture.
- **Postal Delays:** If mail delivery was selected, check with the local post workplace (*Poczta Polska*) utilizing the tracking number provided by the community workplace, as notice slips are often lost.
