HVAC FAQs

Who offers furnace repair services in Markham, ON?

Markham Heating & Air Conditioning provides professional furnace repair for homes and businesses throughout Markham, ON. Our experienced technicians diagnose and repair a wide range of heating system issues.

Is emergency furnace repair available?

Absolutely. We offer emergency furnace repair to bring your heating system back up and running when unexpected breakdowns occur, with same-day service available for many service calls.

How much does furnace repair cost?

Repair costs depend on the issue, required parts, and the condition of the furnace. We provide clear estimates after assessing the problem.

What are common furnace problems?

Common issues include clogged air filters, faulty thermostats, ignition problems, poor airflow, and worn components. Routine maintenance helps reduce the likelihood of many of these problems.

How fast can a technician arrive?

Response times depend on technician availability and demand. We prioritize emergency heating situations and aim to provide prompt service.

Do maintenance plans include furnace repairs?

Many maintenance plans include inspections, tune-ups, and discounts on eligible repairs. Coverage depends on the selected maintenance plan.

Do technicians repair all furnace brands?

Yes. Our technicians work on most major furnace brands and heating system models.

How do I know my furnace may be failing?

Warning signs include no heat, unusual noises, uneven heating, frequent cycling, and rising energy bills. A professional inspection can determine the cause before it leads to more costly repairs.

Can I schedule same-day furnace repair?

In many cases, yes. Same-day furnace repair is available for many service calls, depending on scheduling and parts availability.

Are HVAC technicians licensed in Ontario?

Absolutely. Our HVAC technicians are qualified and perform repairs in accordance with Ontario regulations and industry standards.

How do I know when it's time to replace my furnace?

Replacement is often recommended if the furnace is over 15–20 years old or requires frequent costly repairs. A new system can improve efficiency and reliability.

Why choose local furnace repair services?

Local technicians provide quicker response times and understand Markham's heating needs. They also offer ongoing support and personalized customer service.
