

Landscape Farmington UT Landscape Renovation Farmington's older, established neighborhoods often need a different kind of landscaping help than new construction, and Liberty Hill Landscapes' renovation service is built to bring a dated or overgrown yard back to something homeowners actually want to spend time in. Renovation work starts with assessing what is worth keeping, whether that is mature landscaping that just needs a refresh or an entirely overgrown bed that needs to be cleared and redesigned. Sprinkler systems in older Farmington homes frequently need updating as part of a renovation, since irrigation installed decades ago rarely matches current watering needs or restrictions.

Liberty Hill Landscapes | 2664 West 2725 North, Ogden, Utah 84404 | 385-424-8743

The full renovation proposal covers everything from soil correction to final planting, giving Farmington homeowners one clear plan rather than piecing a project together themselves. Working with mature, established landscaping also means the crew often preserves healthy trees and shrubs rather than clearing a yard down to bare dirt unnecessarily. For Farmington properties specifically, a bit of company background helps explain the approach and why it tends to hold up better than a generic, one-size plan. Weber County has seen years of steady new subdivision growth, and the company has fielded a steady stream of new construction landscaping requests as a result, most starting with the same grading and drainage conversation before any sod or planting begins. Reviews currently average a full 5.0 out of 5 stars, with clients specifically pointing to communication, pricing, and follow-through as the reasons they keep coming back for additional projects down the line. It is a track record that shows up consistently across the company's Weber, Davis, and Morgan County client base. One client, James R., summed up a full landscape renovation this way: "From the initial consultation to the final walkthrough, Liberty Hill was amazing to work with. Our new landscape looks incredible, and the whole process was smooth and stress-free." It is also worth knowing how Farmington fits into the company's broader coverage and process, since the same standards apply regardless of which town a project sits in. The company was founded in 2023 and has grown its client base one project and one referral at a time across Weber, Davis, and Morgan Counties, rather than leaning on national advertising to bring in work. The company's official service area spans nineteen communities across Weber, Davis, and Morgan Counties, including Ogden, North Ogden, South Ogden, Roy, Willard, Layton, Farmington, Kaysville, Syracuse, Clearfield, Clinton, [landscaper ogden libertyhilllandscapes.com](https://libertyhilllandscapes.com) Bountiful, Centerville, Woods Cross, North Salt Lake, Hooper, Eden, Hill AFB, and Morgan County. That mix of consistency and hands-on local knowledge is exactly what most homeowners and property managers are actually weighing when they compare one landscaping company against another.
