Inside the Action: The Four Bonus Rounds

The primary draw of the *Crazy Time* experience is its four interactive bonus offer rounds. Viewing these in spectator mode (the live demo experience) is important for comprehending how they work.

1. Coin Flip

- **The Setup:** A simple red and blue coin is turned by a pneumatic device.
- **The Mechanics:** Before the flip, multipliers are randomly appointed to both the red and blue sides of the coin. Whichever side lands face up awards the matching multiplier to the gamer's bet.

2. Cash Hunt

- **The Setup:** A huge screen featuring 108 random multipliers hidden behind shooting gallery signs (cacti, targets, chef hats, and so on).
- **The Mechanics:** Players utilize an on-screen cannon to aim and shoot at a sign before the timer goes out. When time ends, all gamers expose the multiplier hidden behind their chosen target.

3. Pachinko

- **The Setup:** A physical Pachinko wall filled with pegs, with multiple multiplier zones at the bottom.
- **The Mechanics:** The host drops a puck from the top of the board. Wherever the puck lands determines the multiplier applied to the gamer's stake. If the puck arrive on a "DOUBLE" value, all multipliers on the board double, and the puck is dropped again.

4. Crazy Time

- **The Setup:** The host opens a red door leading to an enormous, magical virtual world featuring a gigantic 66-segment wheel.
- **The Mechanics:** Players choose among 3 flappers (Green, Blue, or Yellow). The wheel is spun, and whatever multiplier the picked flapper points to is granted. Like Pachinko, landing on "DOUBLE" or "TRIPLE" increases the values on the wheel for a re-spin, resulting in potentially astronomical wins.
