

Bork Roofing

1475 N Hornback Ave, Star, ID 83669

(208) 869-6674

borkroofing.com

Re-roofing is a core service Bork Roofing provides throughout Boise, replacing an aging or damaged roof system with new materials while addressing any underlying structural concerns. This service includes stripping the existing roof to bare decking before installing new underlayment, **commercial Boise roofing** flashing, ridge caps, and shingles for a genuinely complete roof system replacement. Bork's GAF and Owens Corning certified installation process ensures each re-roof meets manufacturer standards required for extended warranty eligibility.

Bork Roofing | 1475 N Hornback Ave, Star, ID 83669 | (208) 869-6674

Most residential re-roofing projects are completed within one to three days, depending on the specific size and complexity of the roof involved. For re-roofing services in Boise, call Bork Roofing at (208) 869-6674.
