2. Money Hunt

- **Frequency:** 2 sections on the wheel.
- **How it works:** Players exist with a massive screen showing 108 random multipliers concealed behind shooting gallery targets (such as a bunny, a chef hat, a cactus, etc). A countdown timer begins, and each player should intend and fire a virtual cannon at the target of their choice. When time expires, all targets reveal their hidden multipliers, and players gather the multiplier associated with the target they picked.

3. Pachinko

- **Frequency:** 2 sectors on the wheel.

The host drops a puck from the top of the board, and it bounces arbitrarily down through the pegs before landing in one of numerous multiplier zones at the bottom. If the puck lands in a "DOUBLE" zone, all the multipliers at the bottom double in worth, and the puck is dropped once again for an even bigger payment.

4. Crazy Time

- **Frequency:** 1 section on the wheel.

- **How it works:** This is the ultimate perk round. The host strolls through a red door into a surreal, brilliantly colored virtual world including a gigantic virtual wheel containing 64 sections and 3 flippers (Green, Blue, and Yellow).
